

MECC

Construction & Project Management Company

"You Dream, We Build."

Since 2014

MECC Group is a dynamic and fast-growing international construction company with over 11 years of proven excellence across **Azerbaijan, Hungary, and Greece**. We specialize in **civil and industrial construction**, offering full-scope services from design and engineering to MEP, fit-out, and turnkey project delivery. Our operations are built on **European standards, Western practices**, and a commitment to **quality, safety, and innovation**.

Since our founding, **MECC Group** has successfully executed high-profile projects across the residential, commercial, and industrial sectors. Our technical proficiency, especially in mechanical, electrical, and plumbing (**MEP**) works and **interior fit-outs**, sets us apart in the region. Whether it's a sophisticated industrial facility or a high-end residential development, we approach each project with a focus on **precision, sustainability**, and **long-term value**.

Together, our leadership and teams bring a multidisciplinary, cross-border approach that bridges **East and West—merging international expertise** with local execution. At MECC Group, we are more than builders—we are partners in progress, shaping spaces that **serve, inspire, and endure**.

- Installation and revision of control valves, fittings, pressure/vacuum systems
- Instrument calibration and on-site testing

HVAC Systems:

- Full design, installation, commissioning, and routine servicing

Mechanical & Structural Steel Erection:

- Frame erection for manufacturing plants, offices, warehouses, pre-engineered buildings

Project Management & EPC

Turnkey EPC Solutions

- End-to-end engineering, procurement, and construction delivery for industrial facilities.
- Commissioning & Start-Up
- Technical commissioning of systems to ensure operational readiness and regulatory compliance.

International Procurement Services

- Sourcing and supply chain solutions tailored to project specifications.

ONGOING PROJECT

BUDAPEST RESIDENCE PROJECT

MOR Luxury Residence

1035 Budapest, Mor utca 21

Mór utca 21 is an exclusive luxury residential project developed and built by MECC Group, located in the prestigious 13th district of Budapest. This elegant building features 23 premium apartments, thoughtfully designed to meet the highest standards of modern urban living.

ONGOING PROJECT

MYKONOS APART HOTEL, GREECE

MYKONOS ISLAND, APART HOTEL

Mykonos Island, Ano Mera, Greece

Located on the world-renowned island of Mykonos, Greece, MECC Group is proud to deliver a boutique apart-hotel development featuring 30 elegantly designed rooms, offering a refined blend of Cycladic charm and modern comfort.

ONGOING PROJECT

BUDAPEST, VACI STREET 10

MECC Group successfully delivered the complete renovation, MEP installation, and luxury fit-out of 4 exclusive residential flats at Váci Street 10, one of Budapest's most iconic and central locations. Covering a total area of 250 sqm, the project involved full interior redesign, structural upgrades, and modern utility installations.
